

EEE471 MEng Group Final Assessment

Group Number:

Project Title:

Supervisors:

*Project achievement should be assessed with reference to the agreed aims and objectives defined in Report 1.

*Differences in total marks between supervisors of more than 10%, or total marks of over 80% will be referred to a third marker for moderation.

*Supervisors should complete these forms separately, and then transfer marks on the form to be submitted. An examiner's report for each supervisor should also be submitted with the mark sheet.

* G = group mark, I = individual mark

* Please return to Lee Ford's pigeon hole

Final thesis (G) Contributes to 30% of project mark	Supervisor 1	Supervisor 2
Introduction and literature review	/20	/20
Methodology, theory, results and interpretation	/20	/20
Discussion with respect to aims and objectives, conclusions and recommendations	/20	/20
Achievement with respect to aims and objectives	/20	/20
References	/10	/10
Overall presentation	/10	/10
Total marks	/100	/100

Individual achievement (I) Contributes to 15% of project mark	Student name	Student name	Student name	Student name
Practical skills: Approach to work, use of design tools, experimental verification, technical competence, application of engineering principles, elegance of solutions	/5	/5	/5	/5
Self-reliance and initiative: Diligence, personal time-management, development of new ideas, application of novel design principles.	/5	/5	/5	/5
Log books	/5	/5	/5	/5
