

Examination Feedback for EEE401/6010 – Electromagnetic Compatibility
Autumn Semester 2009-10

Feedback for EEE401/6010 Session: 2009-2010

Feedback: Please write simple statements about how well students addressed the exam paper in general and each individual question in particular including common problems/mistakes and areas of concern in the boxes provided below. Increase row height if necessary.

General Comments:

Question 1:

The online test was answered very well.

Question 2:

The quality of the coursework has of a high standard in general. The main mistake made by some was to forget about the testing element of the question, which made a significant difference to the marks. Some submissions were lacking in calculations and were a little vague in the descriptions.
